# Knossos

# Knossos

The capital, the city of Knossos, was uncovered in the late 19<sup>th</sup> century. Named after King Minos, the legendary king, who the Greeks believed was the first to build a navy, and was connected to the story of the Minotaur.

**MYCENAE THOLOS OR BEEHIVE TOMB LATE HELLADIC II-III A c 1520 - 1300 BC**

Nine such plundered tombs were discovered at Mycenae all outside the fortification, little is known about their contents. Over 100 have been discovered in Greece. The Treasury of Atreus here at Mycenae is the finest example.

Questions for video

What methods were used to build in Mycenae?

What do the structures tell us about the Mycenaeans?

How cool are they?
